

Texas

Texas General Comments

- Corpus Christi Army Depot becomes a DoD Center of Industrial and Technical Excellence (CITE) for the inclusive commodity of rotary wing maintenance and all associated Depot Level Repairable components
- Transforms Ft Bliss into a heavy maneuver installation that serves as the home to Operational Army units
- Expands Ft Sam Houston to become DoD's premier medical training base and the home of Army installation management, family support and community program management
- Validates that Ft Hood remains one of the Army's premier heavy maneuver installation with one of the largest concentrations of Operational Army units
- The closure of Lone Star Army Ammunition Plant eliminates excess capacity, reduces redundancy, and transforms remaining munitions production and storage installations into multi-functional munitions centers of excellence
- The closure of Red River Army Depot, eliminates excess capacity, reducing redundancy, and consolidates/relocates functions to other DoD Centers of Technical Excellence supporting combat readiness for all services
- Closing RC facilities is offset by the construction of modern AFRCs that will be the right size and design to support units that will be stationed there. Transforming RC facilities in Texas will improve training, readiness and quality of life for more than 12,500 RC soldiers, full-time unit support personnel, and their families
